

Hesham R. El-Seedi working in the area of isolation, structure elucidation and synthesis of biologically active natural products from medicinal plants, marine and bee products. Recently, we started also a project on nanoparticles synthesis. Prof. Hesham is a former fellow of the Japanese Society of Promotion of Science when appointed as visiting Assistant Professor at the Department of Chemistry, Faculty of Science and Technology, Keio University, Japan, under direction of Prof. Shosuke Yamamura and Prof. Shigeru Nishiyama. Throughout his carrier, he worked in pioneer internationally recognized laboratories including Geneva University, Switzerland, in collaboration with Prof. Kurt Hostettmann, Kunglia Tekniska Högskola (KTH), Stockholm, Sweden (since 2007), Uppsala Biomedical Center, Uppsala University, Sweden and El-Menoufia University, Egypt. Recently, Hesham was rewarded two Swedish Research Links grants for the 2017-2019. 2017, Appointment as Adjunct Faculty at the International Center for Chemical and Biological Sciences (ICCBS), Karachi, Pakistan

He has published scientific papers, reviews, chapters in Peer-Reviewed International Journals among them: Lancet (Current IF around 47), as well as Scientific Reports (Nature Group), Journal of Natural Products (single author and also within team work), Phytochemistry, Tetrahedron, Tetrahedron Letters, PLOS ONE, Current Pharmaceutical Drugs, Current Medicinal Chemistry, Complementary and Alternative Medicine, Journal of Agriculture and Food Chemistry, ChemBioChem (including Cover Picture),etc and he is functioning as a referee and editor for most of them.

Most recent awards are: 2015: Award from STEFELSEN Foundation for Pharmacognosy: For many years of Scientific Contributions to Pharmacognosy Research and thereby increasing the knowledge about bioactive Natural Products and building contributions with Developing Countries, Nordic International Conference, Visby, Sweden. Award certificate and medal from Pakistan and Indonesia for functioning as a KEYNOTE speaker in the conference as well as Recognition certificate from CENAR, Faculty of Science, UM, Malaysia and Certificate of Recognition of Valuable Contribution, Faculty of Pharmacy, UM, Malaysia for multidisciplinary lectures. Additionally, Award in B.Sc. - Chemistry (Excellent 4 years-Hon's), El-Menoufia University, Egypt – and in accordance the offer of permanent position for life with accredited leave for so many years (scientific mission – child care –sabbatical - work or study leave ...etc).
