

IDENTITY DETAILS

Full Name: **NGO QUOC ANH, Assoc. Prof.**
Sex: Male
Nationality: VIETNAM
Date of Birth: 02/06/1974
Current Position: Vice Director
Institute of Chemistry (ICH),
Vietnam Academy of Science & Technology (VAST)
18 Hoang Quoc Viet, Cau Giay, Ha Noi, Viet Nam
Email address: ngoquocanh74m@yahoo.com

He was graduated at Hanoi College of Pharmacy as Pharmacist (Expert Level) in 1996. He got Master Degree in 2004 and PhD Degree in 2007 at Faculty of Pharmacy, University Paris 11 (Paris Sud) under the guidance of Dr. Françoise Guéritte / Dr. Fanny Roussi from Institut de Chimie des Substances Naturelles (ICSN) – Centre National de la Recherche Scientifique (CNRS), France. He took a Postdoc at Ecole Normale Supérieure de Paris and Institut de Chimie des Substances Naturelles (ICSN) –CNRS in 2011. He came back to Institute of Chemistry – VAST in 2008 as researcher and now he currently is vice director, and also head of VN-UK Excellent Interdisciplinary Centre for Natural Product Research, Institute of Chemistry – VAST. His research focused on design, synthesis and biological evaluation of new series of compounds derived from the known anticancer natural products like paclitaxel, vinca-alkaloids, hemicasterlin and others with objective to ameliorate their activities and their side effects. He is also vice president of Scientific Council, Institute of Chemistry – VAST. He is in charge of graduated courses in Advanced Organic Chemistry and Medicinal Chemistry at Institute of Chemistry, VAST.
